

TABLECLOTH & RUNNER AT A GLANCE

Use this guide to choose a tablecloth or runner that perfectly aligns with your client's branding and budget.

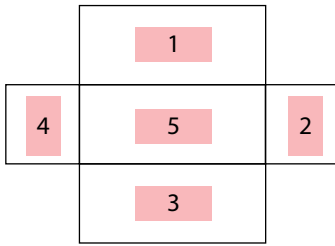

STEP 1: PICK YOUR PRINTING STYLE

Go with a classic thermal imprinted tablecloth OR choose a vibrant full-color dye sublimation. Here are the key printing differences.

THERMAL IMPRINTED TABLECLOTH & RUNNER

6-7 BASE COLORS TO CHOOSE FROM
5 LOCATIONS AVAILABLE FOR IMPRINTING

(note: none of the diagrams are to scale)

TC8-COLOR-IMPRINT
WHITE - 5 Imprint Locations

TC8-BLANK - 8'
BLACK

TR57-COLOR
WHITE - 1 Imprint Locations

COLOR SELECTION

- Black
- Navy Blue (PMS 2767)
- White
- Royal Blue (PMS 301)
- Red (PMS 186)
- Green (PMS 347)

Example of imprinted table cloth (*above*) shows 5 imprints. If artwork is needed on all five sides, it would be a 5 imprint tablecloth.

DYE SUBLIMATED TABLECLOTH & RUNNER

There are no limitations to how you can design a dye sublimated tablecloth and runner. Your artwork is printed directly onto the material. Below is an example of a dye sublimated tablecloth and runner.
