

WINDFLAGS AT A GLANCE

Use this guide to choose a windflag that perfectly aligns with your client's branding & budget.

INDOOR OR OUTDOOR USE

Use the folding Cross Base with Water Bag for indoor use or temporarily outdoors.

Use the Spike Base outdoors. Simply push it into the ground.

SINGLE SIDED VS DOUBLE SIDED

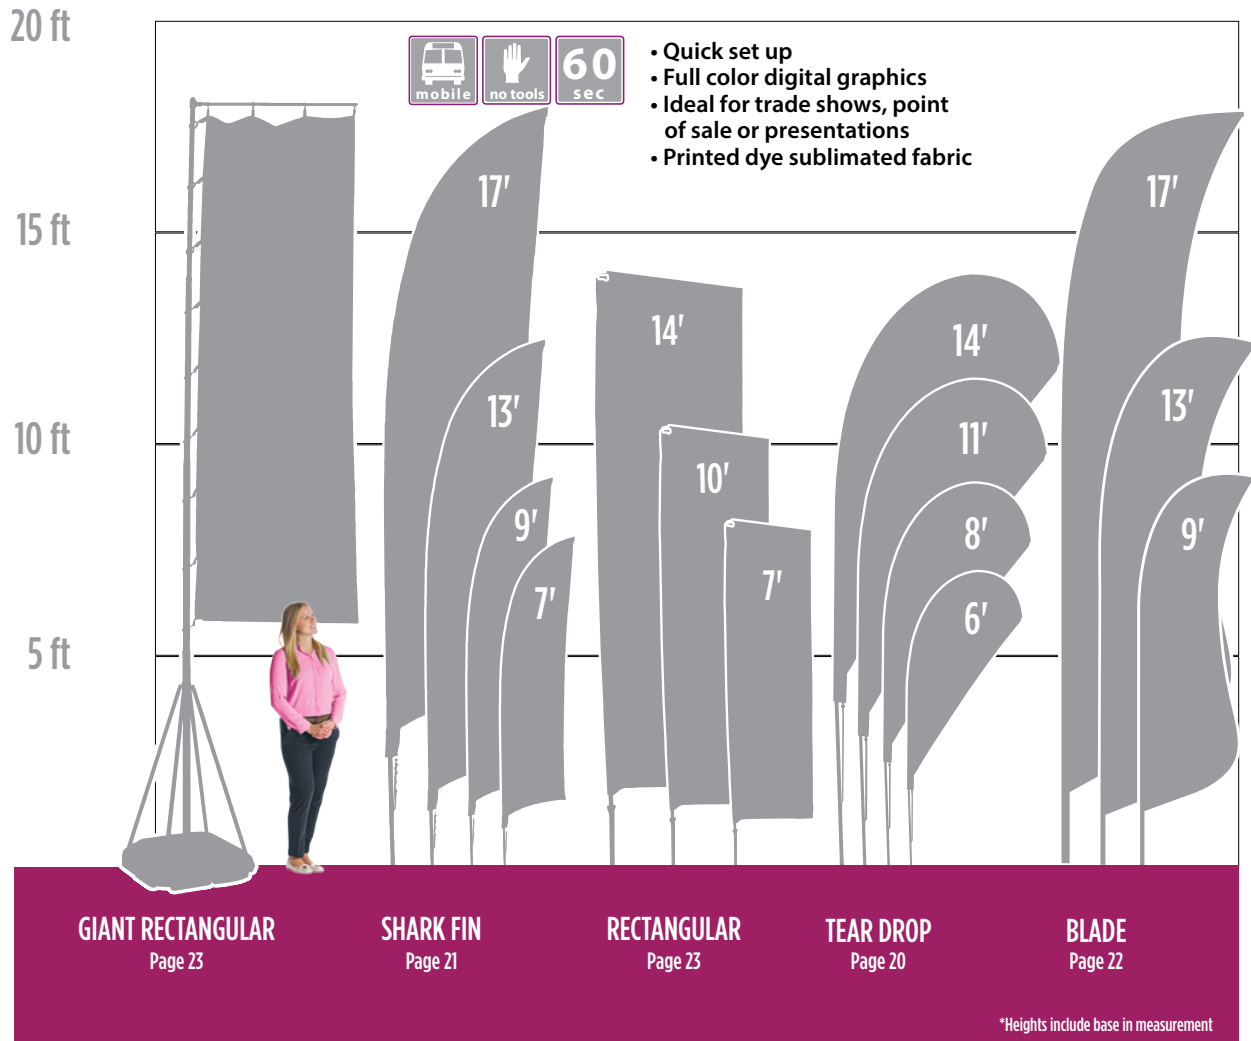

Single-Sided banners are printed on the front, however your art work will show through on the back, and will be reversed and slightly faded.

Double-Sided Banners are printed on both sides and then sewn together with a liner in between. The artwork is mirrored so it can be clearly seen.
